Two categories Strictly Freshman and Strictly Open. T-Shirts provided, no costume, no choreography changes, just strictly the Jump Jam routine.

Categories

- Strictly Freshman Year 1-4; that have never competed previously at any JUMP JAM competition. However, any student that competed in the previous JUMP JAM competitions that were year 1, 2 or 3 can compete again in this Strictly Freshman. Teams in this category can consist of students between Year 1 and Year 4.
- Strictly Freshman Year 5-8; Students that have never competed previously at any JUMP JAM competition. Teams in this category can consist
 of any students between Year 5 and Year 8. This means that teams can be mixed between these year levels, or they can be made up of
 one-year level only, e.g.: Year 6 students only. If there are enough entries from year 7-8 teams, we will split this category into year 5-6 & a 7-8.
 For 2025 we are allowing a maximum of 20% of the team can have competed before, however they must be placed in the back-row wings/sides.
- Strictly Open Year 5-8; Students that have competed previously at any JUMP JAM competition. However, Freshman students can compete in this category if you need for numbers. Teams in this category can consist of any students between Year 5 and Year 8. This means that teams can be mixed between these year levels, or they can be made up of one-year level only, e.g.: Year 6 students only. If there are enough entries from year 7-8 teams, we will split this category into year 5-6 & a 7-8

If schools want to enter more than 1 team in the same category, they must be all different students in each team, doing different routines. A student can dance up a year level, for any reason in any category. They cannot dance down a year level.

Demonstrate a **Confident and Convincing performance** (No mistakes...very well-rehearsed and convincing actors, especially if the routine has a theme). We will be looking for the team (ALL members from back row to the front) that is, "owning the routine". Not just the most confident leader in the centre front. Are they all eyeballing the judges and audience or are their eyes down?

Attitude is the appropriate emotion in each specific routine. Smiling and having Fun is generally a good start in presentation. Some routines are party songs, others display power-energy, being cool, even scary, how about animated, comic, serious, culturally appropriate, and themed to the music & dance era of the time and anything from the lyrics that adds to it you can interpret. While attitude is obviously important, attitude should be positive. Show a sense of humour within your attitude to enhance your fun score. Using facial expressions and character acting will enhance your performance. If you select a song like "I Like To Move It" animal type expressions will add value to your scoring. Utilise the theme of the chosen song with your face as much as you can. For example, if the song is from a movie become that character e.g., act like "Sharpay" from High School Musical "I Want It All" JUMP JAM # 13. A good tip is to initially get them to sing the entire song aloud as a way of practicing facial expressions and the emotions behind them.

Vocalising is an effective way of displaying passionate presentation and keeping audience involved. **Tip** be loud and clear and be heard over the music. Not just mime the words. **Tips to Maximise Points in Vocals**

Singing = Have the whole team sing any part of the song. As a guide sing up to 50% of the song max.

Calls = Are vocal samples relating to the song/theme. It's often one or two words or sounds from the song. Aim for 8 different calls minimum. Chants = An original sentence you have created that sends a message to the audience. Most often it is the school name. Examples are "P.I.N.E.H.I.L.L Pinehill" chanted by Pinehill School or "We are here to entertain you" or "JUMP JAM Rocks". Aim for 4 different chants.

Technical Execution 50% of Score

Team moves with synchronicity & in time with the music	10	
Energy of movement and exercise value	10	
Clarity & Sharpness of movement	10	
Total	30	

Bonus Points Award

Difficulty of routine chosen to perform – Performed with Excellent Technical	Up to 3 points
Execution	

(This reflects some routines are technically easier to perform. E.g., difficulty of Moves and complexity of choreography)

Team moves with **Synchronicity** Your team moves as one and in time with the music. Think detail from head to toe. E.g., all head movements should be choreographed. Hands should be all either a blade, fist, star or in character. Feet should all be pointed or flexed. Use video analysis to see whom in the team looks different and why? Check everyone knows their spacing and stays in shape. The judge's eye should not be drawn away unintentionally.

Energy of movement and exercise value: Using current choreography we expect each team member to be powerfully executing the movements within the given range of the original routine. Judges ask "could that move be executed with more energy?" Power is defined as strength x speed. Your team should be physically exhausted when they come off stage (like they have been sprinting for 3-4 minutes). JUMP JAM is a fitness exercise programme so please remember that. Please execute each movement to its full range of motion. e.g., if the song says "get on up then down" aim to reach to full extension upwards and then dynamically squat all the way down. Show a contrast. In simple language, think BIG! Extend from fingers to toes.

Clarity of movement: an example is when students finish the move by bringing their feet tightly together and/or placing their hand/fist back on their hip or wherever their start/finish position is e.g., star jumps. Every movement when broken down frame by frame has a start and end position (use video analysis). Sharpness of movement is at the end range of motion with each move; hold a sharp pause for a split second to emphasis razor sharpness of movement. Some of the best examples of this 'sharp' technique are seen on YouTube in the World Hip Hop or Cheerleading Championships.

In the event of a tie, the team with the highest PRESENTATION score will be the winner. If there is still a tie, then an equal placing shall be awarded. **Note:** Judges decision is final, no correspondence will be entered.
